

YOUTH FACILITATORS DEVELOPMENT TRAINING

PROGRAM GOALS

A program designed to elicit and support conscious service to the greater good by reinforcing resilience in the midst of social struggles. Participants will acquire practical facilitations skills to present methods of problem solving and gain an enhanced quality of life from an Indigenous world-view. They will acquire skills in developing programs and workshops that are designed to create long lasting results to those they serve and work with.

AT THE END OF THE PROGRAM PARTICIPANTS WILL

- Become facilitators for long-term change and social transformation.
- Know group dynamics and how to handle and facilitate various types of groups.
- Be able to present any book, topic, theme of their choosing, and/or their personal life experience in a way where participants will remember.
 - Be able facilitate problem-solving behaviors both personally and collectively.
 - Have the basics to design programs and workshops that will deliver positive results.
 - Be able to provide keynote speeches or any form of public presentation confidently.
